Grace Pulley, Heavenly Scents by Grace, 307-899-2858

This display will include a selection of handcrafted, 100% natural, soy candles and wax melts. Heavenly Scents by Grace uses 100% natural soy wax which burns cleaner and cooler than regular paraffin. It also cleans up with soap and water in case of a spill. No chemically synthesized scents are used; if it is not found in nature, it is not used. This allows the products to be phthalate free; phthalate is found in all paraffin candles and many chemically synthesized scents. When phthalate burns, it creates formaldehyde and carbon soot. This will cause black streaks on walls and is very bad for those with allergies and respiratory issues. Whenever possible, recycled jars, cups, and mugs are used and turned into unique candles. I will even take your old container candles and give you a 10% discount on up to an equal number of new soy candles. Heavenly Scents by Grace sincerely appreciates you as a customer and looks forward to seeing you at the rally.

Jeff Pulley, Spraygogh Creations, 307-899-5076

This display will include a large variety of handcrafted paracord items. Paracord, or parachute cord, has seven strands of nylon encased within a colorful nylon sheath. All these together create a thin cord with a tensile strength of 550 lbs. When you visit the display, you will see the familiar paracord bracelets and lanyards plus keychains of varying styles and colorful ball-point pens. Customized pet collars and leashes will give your pet a style all their own. Many others products will also be available for your consideration. For those who want a bit of self-protection without using a gun, monkey fist self-defense tools are available. Finally, no visit to the display is complete without seeing the Spraygogh Creation's world exclusive product, the Twiddle Sphere. Created for those who fidget, need to focus, or simply need to keep their fingers moving. The Twiddle Sphere is silent, unlike clicker fidgets, less distracting, unlike spinner fidgets, and can be made in your chosen colors. Spraygogh Creations appreciates your time and looks forward to seeing you at the rally.

*Additional updates will be made to this program as planning for the rally moves forward.*
