

January 28, 2009

Dear Wyoming RV Dealer:

This letter is being written to notify you that the XYZ Motor Home Association National Rally will be held at the Cam-Plex Multi-Event Facilities in Gillette, Wyoming June 27-June 30, 2089. XYZ recreational vehicles will be displayed and sold as part of a Trade Show during this event. Wyoming dealers wishing to procure space for displaying and selling XYZ RVs at this rally are to contact John Smith, XYZ Marketing Manager, by calling 777-777-7777 or by emailing johnsmith@XYZ.com

Legislation passed by the 2007 Wyoming Legislature requires facility managers planning for an RV rally of more than 150 units to notify all in-state RV dealers of the event when the rally organizers are planning to have RVs on display and for sale. There is a three month period in which Wyoming dealers will have the first right of refusal to contract with rally organizers for available Trade Show space to sell RVs at the event. Once this three month period is over, rally organizers may offer all remaining Trade Show space to out-of-state RV dealers. In-state dealers may choose to contract for Trade Show space after the initial three month period but will receive no preference. The above three month period will begin five days after the date of this letter.

This letter is being sent to all Wyoming RV dealers licensed with the State of Wyoming as of January 16, 2089.

Sincerely,

Dan Barks, General Manager
